Re: T-Mobile Central LLC
Minnesota, Study Area Code - unassigned

Ms. Dortch:

Please accept the attached IAS and ICLS certifications for Program Year 2011-2012 as the inaugural certifications for T-Mobile USA, Inc., parent company of T-Mobile Central LLC ("T-Mobile"), in Minnesota.

T-Mobile was designated as an Eligible Telecommunications Carrier ("ETC") by the Minnesota Public Utilities Commission on September 27, 2011 and its designation was effective immediately. Therefore, T-Mobile is eligible to receive High Cost Universal Service payments effective September 27, 2011. Each ETC serving lines in the service area of a price-cap carrier is required to file an IAS certification and each ETC serving lines in the service area of a rate-of-return carrier is required to file an ICLS certification.

Although the IAS and ICLS certifications for Program Year 2011-2012 were due by June 30, 2011, T-Mobile's designation as an ETC was thereafter effective on September 27, 2011, and FCC rules expressly provide for the filing of supplemental certifications for new ETC designations. Accordingly, T-Mobile hereby timely submits its IAS and ICLS certifications for the Program Year for which the payments starting in September 2011 will be made.

Best regards,
